

**Broadmoor Improvement Association
Counseling Services Sliding Fee Scale Guidelines**

The Broadmoor Improvement Association is committed to providing affordable, sliding-fee-scale counseling services. To sustain our ability to maintain access to these services, the following **guidelines** have been provided to help individuals determine what to pay. Income verification is not required, and exceptions may apply in cases of extreme hardship. The highest dollar cost reflects the true cost of counseling, and this is the cost that the practitioner would charge in the absence of a sliding scale. Please note that these fees are subject to change based on a conversation with your therapist.

Consider paying less on the scale if you:

- are supporting children or have other dependents
- have significant debt
- have medical expenses not covered by insurance
- receive public assistance
- have immigration-related expenses
- are an elder with limited financial support
- are an unpaid community organizer
- are a returning citizen denied work due to incarceration history

Consider paying more on the scale if you:

- own the home you live in
- have investments, retirement accounts, or inherited money
- travel recreationally
- have access to family money and resources in times of need
- work part-time by choice
- have a relatively high degree of earning power due to level of education (or gender/class/racial privilege, etc.)

Individual Therapy
